LICENSURE

State of Nevada, PSYCHOLOGIST PY0752 (2014 – present)

State of Mississippi, PSYCHOLOGIST 53 921 (2013 – 2018, currently inactive)

SUMMARY

Licensed psychologist with expertise in public mental health systems, state legislation and policy, Medicaid policy development and implementation, and program evaluation and quality improvement in community mental health settings. Experienced in stakeholder engagement, cross-system collaboration, and applied implementation of evidence-based practices for children and families.

PROFESSIONAL EXPERIENCE

State of Nevada Department of Health and Human Services, CHILDREN'S BEHAVIORAL HEALTH AUTHORITY, August 2021 – present

- Serve as the State of Nevada's authority and sole subject matter expert for the children's behavioral health system.
- Represent the needs of the children's behavioral health system throughout the Health and Human Services system, with community partners, at the Nevada Legislature, and with parents and youth.
- Monitor state and national trends within behavioral health; analyze system gaps and assets to identify policy and legislative needs.

- Participate in problem-solving at all levels to identify and address ways in which the children's behavioral health system is not meeting the needs of Nevadans.
- Along with other state leaders, coordinate a state-level response to the COVID-19 pandemic, addressing needs such as disproportionate impact; social-emotional concerns related to school closures and learning loss; increased behavioral health needs across the population; increased prevalence of suicidal ideation, suicidal behavior, substance use, and overdose; and workforce gaps.
- Coordinate with the Office of the Governor to direct federal fiscal recovery funds to the children's behavioral health system.

University of Nevada, Las Vegas, ADJUNCT FACULTY, March 2015 – present

- Provide clinical supervision to predoctoral clinical psychology students from the University of Nevada, Las Vegas attending practicum rotations at the Division of Child and Family Services. Assist students in developing competencies related to work with uninsured and undocumented youth, crisis response, and crisis stabilization. Guide students in developing competencies related to trauma-informed care and system of care values and principles.

Independent Contractor/Consultant, July 2014 – present

- CLINICAL PANEL EXPERT, MCKESSON/CHANGE HEALTHCARE: Provide clinical expertise as a children's behavioral health subject matter expert on the InterQual Clinical Panel. Support initial development and ongoing maintenance of the evidence-based InterQual Behavioral Health Criteria for initial and continued stay level-of-care decisions across the behavioral health continuum of care. InterQual Criteria are used widely by healthcare organizations including payers for clinical decision support.
- EXTERNAL EVALUATOR, CANOPY CHILDREN'S SOLUTIONS, Jackson, Mississippi: Deliver external program evaluation support to a large private nonprofit agency providing children's behavioral health, child welfare, forensic, educational, and early intervention services.

State of Nevada Division of Child and Family Services, LICENSED PSYCHOLOGIST II AND CLINICAL AND POLICY ADVISOR ON CHILDREN'S BEHAVIORAL HEALTH, October 2019 – August 2021

- Served as the Department of Health and Human Services (DHHS) Clinical and Policy Advisor on Children's Behavioral Health. In this role, coordinated with other DHHS clinical leads as well as the Director of DHHS to ensure the behavioral health needs of Nevada's children and families are represented in state policy, procedure, and legislation. Provided clinical opinion and expertise on children's behavioral health to internal and external stakeholders. Identified unmet needs of children and families that could be addressed with state resources. Coordinated with the DHHS Senior Advisor on Behavioral Health to align the children's and adult behavioral health systems in Nevada. Participated in statewide disaster behavioral health planning. Provided guidance on state-level behavioral health disaster response, including the October 1 mass shooting in Las Vegas and the COVID-19 pandemic. Analyzed the impact of proposed legislation on state programs and communicated impact to stakeholders, including members of the State legislature. Worked closely with the Division of Healthcare Financing and Policy (Nevada Medicaid) to create, implement, and evaluate new policies and procedures, including design of Medicaid waivers and state plan amendments.
- Service to the State of Nevada COVID-19 Behavioral Health Advisory Taskforce (Co-Chair); Governor's Behavioral Health Planning and Advisory Council; Executive Committee to Review the Death of Children.

State of Nevada Division of Child and Family Services, LICENSED PSYCHOLOGIST I AND STATEWIDE MANAGER FOR PLANNING AND EVALUATION, April 2019 – September 2019

- Directed and supervised all activities of the DCFS Planning & Evaluation Unit. Oversaw 13 staff performing program evaluation, quality assurance/quality improvement, clinical consultation services, and training in evidence-based practices for DCFS Residential Services and Community Services

(includes children's mental health, child welfare, and juvenile justice services). Oversaw large-scale statewide implementations of evidence-based assessments and interventions. Participated in strategic planning and grant authorship for grants supporting large-scale statewide systems change.

- Service on the Governor's Behavioral Health Planning and Advisory Council; DCFS Child and Family Services Review Advisory Committee; and Nevada Coalition to Prevent the Commercial Sexual Exploitation of Children as the Data Subcommittee Co-Chair. Participated in creating the Nevada CSEC Model Coordinated Response Protocol.
- Participated in the implementation of Nevada's Antiterrorism and Emergency Assistance grant, granted in the wake of the October 1, 2017 mass violence event in Las Vegas. Oversaw activities of the Behavioral Health Coordinator, who is responsible for identifying and meeting the behavioral health needs of more than 22,000 survivors of the largest mass shooting in US history.

State of Nevada Division of Child and Family Services, LICENSED PSYCHOLOGIST I, PLANNING AND EVALUATION, September 2014 – March 2019

- Provided program evaluation, program development, quality assurance, quality improvement, clinical consultation, and training in evidence-based practices for DCFS Children's Mental Health, Juvenile Justice Services and Child Welfare Services. Developed and implemented statewide policies and procedures. Acted as lead staff person for several major statewide quality assurance initiatives. Conducted special projects and investigations. Monitored and responded to proposed legislation that affected DCFS operations. Collaborated as needed with the Nevada Division of Healthcare Financing and Policy (NV Medicaid), Division of Public and Behavioral Health, social services, and other agencies to address the needs of children and families. Primary author of a suicide postvention plan that is used by nearly all Nevada school districts.
- Participated in the implementation of Nevada's Antiterrorism and Emergency Assistance grant, granted in the wake of the October 1, 2017 mass violence event in Las Vegas. Oversaw activities of the Behavioral Health Coordinator, who is responsible for identifying and meeting the behavioral health needs of more than 22,000 survivors of the largest mass shooting in US history.

University of Mississippi Medical Center and G.V. (Sonny) Montgomery Veterans Affairs Medical Center Training Consortium, POSTDOCTORAL FELLOW, July 2012 – June 2014

- Through an academic medical center affiliation, was embedded 35 hours per week at a local private nonprofit system of care, Mississippi Children's Home Services (now Canopy Children's Solutions). Specialized in applied psychology, program evaluation, and quality assurance. Assisted organization with internal capacity-building and program evaluation design. Conducted program evaluation and quality assurance projects related to seclusion and restraint use at the psychiatric residential treatment facility; perception of care agency-wide; and effectiveness of family preservation services. Presented results to program staff, Chief Executive Officer, and Board of Directors.
- Conducted semi-structured clinical assessments with over 200 children and adolescents age 5-18 residing at CARES Psychiatric Residential Treatment Facility (PRTF), a locked staff-secure facility for youth with serious emotional disturbances.
- Provided clinical and research supervision to predoctoral psychology interns completing rotations at CARES PRTF. Assisted interns in developing competencies related to best practices for youth in congregate care. Assisted interns in developing competencies related to child abuse/neglect, foster care and adoption, trauma-informed care, and system of care values and principles. Assisted interns in developing competencies related to research and program evaluation with secondary and administrative data sources.
