What to Expect When You Call

NPA's Ethics Committee (EC) is here to educate and consult about ethical concerns that arise for active NPA members (also available to non-members for a small fee).

The contact you make with us is confidential, and we respond to all inquiries submitted through our website: [CLICK HERE](#). We will make every effort to respond to your consultation request as promptly as possible in order to find a mutually convenient time to address your concern or issue.

The EC has established three topical panels which are reflective of current themes within the broad domain of ethics, as follows:

- Forensics
- Clinical Practice Issues
- Business of Providing Services

We will work together to identify and clarify pertinent ethical, legal and clinical issues that arise. We are here to help you discern next steps.

Need Legal Guidance? NPA has partnered with several reputable Nevada law firms which allows NPA members to obtain a free consultation with experienced attorneys. For more information, please contact our Executive Director at admin@nvpsychology.org.
