Registration Is Now Available Online at:
www.NVpsychology.org

ABOUT THE WORKSHOP & SPEAKER

COURSE DESCRIPTION:

For almost 25 years, The Trust has been providing continuing education workshops and individual consultations, with a focus on improving psychologists' risk management skills and strategies. These workshops have evolved from basic concepts and strategies, to a more applied, integrated, and strategic approach to help you protect yourself from adverse disciplinary and legal actions.

For this newest workshop, The Trust Risk Management Program reviewed data from over 70,000 consultations provided to date in order to determine which issues and questions are most pressing for today's psychologists. Topics will include boundaries and multiple relationships, challenging terminations, working with children in the midst of family conflict, coping with disciplinary complaints, and psychotherapy patient requests for legally-related documentation.

ABOUT THE SPEAKER:

Daniel O. Taube, J.D., Ph.D. earned his J.D. from Villanova University in 1985 and his Ph.D. in clinical psychology from Hahnemann University in 1987, as a member of the Hahnemann/Villanova Joint Psychology and Law Graduate Program. He is a Full Professor at the California School of Professional Psychology, San Francisco at Alliant International University, past Psy.D. Program Director, founder and coordinator of the Forensic Family Child Track and member of the Child/Family Track.

His areas of professional focus include ethical and legal issues in professional practice, child protection, addictions, and disability and parenting. In addition to his teaching and research interests, he has been in private practice for 23 years, has served on the APA Ethics Appeals Panel for the past 20 years, and taught graduate and professional level courses on ethical and legal issues in professional practice for 25 years. Dr. Taube regularly consults with a wide range of practitioners and community agencies regarding standards of practice and ethical concerns.

LEARNING OBJECTIVES:

At the conclusion of this presentation, participants will:

- 1.) Describe basic principles of risk management, as applied to several specific clinical situations that frequently arises in professional practice.
- 2.) Identify high risk boundary violations and multiple relationship situations.
- 3.) Recall important considerations when making therapeutic termination decisions.
- 4.) Evaluate potential risks when working with children in high-conflict families.
- 5.) Formulate a plan for responding to disciplinary or legal complaints.
- 6.) Identify issues and strategies when psychotherapy patients make quasi-forensic requests.

AUDIENCE:

This presentation is intended for psychologists, other licensed mental health providers, and graduate students of psychology.

SCHEDULE:

A detailed schedule is available online at www.NVPsychology.org
